About

Senior QA Engineer with 7+ years of experience across test automation, manual, API, performance and mobile testing for web and mobile applications. Builds Playwright (JavaScript/TypeScript) suites with Page Object Model, wires them into GitHub Actions and Jenkins, and applies Generative AI, GitHub Copilot, AI Agents and MCP-based testing to speed up test generation, test data creation and debugging. Has delivered work in E-Commerce, Banking, Cards and Payments, Education, Media, Healthcare, ERP and Transportation, using Agile/Scrum and Kanban.

Experience

Senior QA Engineer, SE Mentor Solutions, Kochi, India

May 2025 – Present (QA Engineer, May 2021 – May 2025)

- Designs and implements end-to-end Playwright automation (JavaScript/TypeScript) with Page Object Model; integrates regression suites with GitHub Actions and Jenkins for pull-request validation; runs cross-browser tests on Chromium, Firefox and WebKit, screenshot-based visual checks and accessibility testing (WCAG, axe DevTools).
- Uses AI Agents, Model Context Protocol (MCP) and Playwright MCP for AI-powered browser automation, test generation, execution and debugging; applies Generative AI, Prompt Engineering and GitHub Copilot to test scenarios, test data and automation code.
- Performs manual, functional, sprint regression and acceptance testing, owns post-release PVT, and resolves UAT customer-raised defects; validates APIs with Postman and backend data with SQL/MySQL; runs KT sessions and demo walkthroughs for QA team members.

QA Specialist, Acodez IT Solutions Pvt. Ltd, Calicut, India

Aug 2018 – Apr 2021

- Served as Scrum Master (Coach) and QA Lead for an Agile team, running sprint ceremonies and tracking team tasks to meet sprint commitments.
- Led test planning, test case design and scenario development; tested web, native and hybrid mobile apps on iOS and Android, including cross-browser and multi-device compatibility.
- Designed and executed load, stress and performance tests with Apache JMeter, analyzed results and delivered performance reports to developers before release.

Software Tester Cum Trainer, Qtest Solutions, Calicut, India

Jan 2018 – Jul 2018

Acted as Junior QA Lead in an Agile team, tested web and mobile apps on Android and iOS, wrote automation scripts, and trained junior members in manual and automation testing.

Business Analyst Cum QA Trainee, Sinnonteq Solutions, Calicut, India

Oct 2017 – Dec 2017

Supported UAT, wrote Business Requirement Documents (BRD), and prepared Test Analysis and Defect Summary Reports.

Skills

- **Testing:** Manual, Functional, Regression, UAT, Integration, Sanity, Acceptance, API, Backend, Performance, Cross-Browser, Accessibility (WCAG, axe DevTools), AI-Augmented Testing
- **Automation & AI Tools:** Playwright, Playwright MCP, Postman, Apache JMeter, GitHub Copilot, Claude Code, n8n, AI Agents, Generative AI, MCP (Model Context Protocol)
- **Languages & Frameworks:** JavaScript, TypeScript, Playwright Test, Page Object Model (POM), HTML, CSS
- **Database & API:** SQL, MySQL, Database Validation, Backend Data Validation
- **CI/CD & Version Control:** Git, GitHub, GitHub Actions, Jenkins, Docker, CI/CD
- **Test Management:** Jira, Zephyr, Azure DevOps, Mantis, ContextQA

- **AI & Agentic QA:** Prompt Engineering, Agentic AI, AI-Assisted Test Generation, AI-Assisted Test Data Generation, AI-Powered Test Automation, MCP-Based Testing, AI-Assisted Debugging
- **Methodologies:** Agile/Scrum, Kanban, SDLC, STLC, Waterfall
- **Core Competencies:** Test Planning & Design, Defect Management, Test Metrics & Reporting, Requirement Analysis, Release Management, Stakeholder Management, Automation Framework Development, Test Maintenance

Key Projects

- **Assessment Master:** Online assessment platform to create and deliver tests, with auto-scored or manually marked responses; four modules: Designer, Manager, Marker and Teacher.
- **E-Commerce Platform:** Functional, regression, API and automation testing of search, cart, checkout and payment flows.
- **365 Pilots:** Transportation platform connecting companies to move loads across distances.
- **ATOZ Savings:** Digital advertising and promotion product shareable through social media.
- **MyBoss New Limited:** App that digitalizes print publications and newspapers for global readers.
- **TrueParking:** Parking app that finds available slots by area using latitude and longitude.
- **90+ MyTuition App:** Learning app for grades 5–12 with subject-wise chapters, topic tests, mock tests and previous-year questions.
- **Hermes Pay:** Mobile payment app for online and offline transfers using QR code scanning and contact numbers.
- **Connect2MyDoctr:** Mobile application for patients to consult doctors online.
- **EventHub (Practice Project):** Event discovery and ticket booking web application.

Education

- **B.Tech in Computer Science & Engineering**, University of Calicut, Kerala, India, 2013 – 2017 (73%)
- **Higher Secondary (Class 12)**, Kerala Board of Higher Secondary Education, 2011 – 2013 (88.16%)

- **Class 10**, Kerala Board of Public Examinations, 2010 – 2011 (92%)

Certifications

- Certified Professional in Playwright Automation Testing
- Certified in AI Tools & Build AI Agents for Testing & QA Automation
- Certified in AI-Augmented Software Testing
